

## Technical Specification

### COBALT ACETATE

Chemical Formula :  $\text{Co}(\text{C}_2\text{H}_3\text{O}_2)_2$

CAS # : 6147-53-1

#### 1. Analytical Results

Properties	Min	Max	Unit
Cobalt	23.5		%
Ni		0.05	%
Fe		0.01	%
Cu		0.002	%
Cl-		0.002	%
Insolubles in water		0.2	%

#### 2. Appearance

Reddish/Violet crystalline powder

#### 3. Packaging

Standard: 25 kg bags

Upon demand customized specifications can be provided.

The properties as described by this document are valid if the product is stored in the original packaging and under the proper conditions as mentioned on our safety data sheet.
