

999 standard fishmeal is a wholemeal made from unspecified fish under strict EU-regulatory requirements. Standard fishmeal is intended for poultry and pig mixed feed diets.

SPECIFICATIONS	MIN	MAX	TYPICAL
Protein	67 %	73 %	71 %
Fat (Soxlet)		12 %	6 – 12 %
Moisture	5 %	10 %	6 – 10 %
Salt (NaCl)		5 %	
Salmonella	Not detected		
Contaminants	EU limits		
Antioxidant	Natural Tocopherol		

Our internal and external microbiological controls secure that the meal is in accordance with EU-regulations NO 1069/2009 and NO 183/2005, laying down requirements for feed hygiene for fish meal.
