

# FOLIC ACID

## DESCRIPTION

Nutritional additive. Vitamins, pro-vitamins and chemically well-defined substances having similar effect

EU Identification Nr.: 3a316

Composition:

Folic acid  $\geq 96\%$  (anhydrous basis)

## TARGET SPECIES AND MODE OF USE

Target species: All animal species

Instructions for use:

Powdered product to be administered mixed with feed

Folic acid may be used also via water for drinking

Avoid dust formation

Stable under normal storage and handling conditions

## CHARACTERISTICS

Appearance Yellow or yellow-orange powder

Assay  $\geq 96,0\%$

Water  $< 8,5\%$

## ADDITIONAL INFORMATION

CAS Nr. 59-30-3

Chemical formula  $C_{19}H_{19}N_7O_6$

\* Complies with Directive 2002/32/EC on undesirable substances in animal feed

## PACKAGING

20 kg or 25 kg bags

## STORAGE CONDITIONS

Store in tightly closed original packaging in a cool, dry place at room temperature and protected from light

Avoid dust formation

## HANDLING PRECAUTIONS

Breathing, eye and skin protection must be worn during handling

For detailed information on handling, please ask for Safety data sheet
