

TECHNICAL DATASHEET: PHYTMAX DETOX

Legal classification:	Complementary feed
Description:	Complementary feed of aluminosilicate and dried yeast to add in animal feed
Composition:	<p>Standard combination of</p> <ul style="list-style-type: none"> • Silicates • Diatomaceous Earth • Bentonite (≥ 70 % smectite montmorillonite dioctahedral) • Calcium propionate and • Dried <i>Saccharomyces cerevisiae</i> fermentation extract
Appearance:	<p>Appearance Powder</p> <p>Colour White</p>
Target species:	Swine, poultry and ruminants.
Properties:	Mycotoxin binder
Recommended uses:	<ul style="list-style-type: none"> • Block the attachment and development of negative bacteria • Attenuates digestive disorders • Prevention liver damage due to aflatoxins
Instruction for proper use:	<p>Mix with the compound feed according to the following doses:</p> <p><i>Prevention:</i> 0,5 kg / t of feed</p> <p><i>Treatment:</i> 1 – 2,5 kg / t of feed</p>
Minimum storage life:	18 months after of manufacture date
Storage:	Store in original packaging and keep in a cool (below 35°C) dry place.
Packaging:	25Kg bag
Legislation:	<p>The product complies with European legislation:</p> <ul style="list-style-type: none"> • Regulation (EC) no 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition. • Regulation (EC) no 1831/2003 of the European Parliament and of the Council of 12 January 2005 laying down requirements for feed hygiene. • Regulation (EC) no 767/2009 of the European Parliament and of the Council of 13 July 2009 on the placing on the market and use of feed. • Directive 2002/32/EC of the European Parliament and of the Council of 7 May 2002 on undesirable substances in animal feed.
