

The diagram illustrates the layout of two water treatment plants, S7 and S8. S7 is located at the top right, and S8 is located below it. The diagram shows the flow of water through various components, including filters, dosing systems, and collection tanks. Key features include:

- S7** (red text) at the top right.
- POZZETTO CON SIFONE FI** (blue text) at the top right.
- POZZETTO PRELIEV** (blue text) at the top right.
- MISURATORE DI PORTATA** (blue text) at the top left.
- PREDOSAZIONE CAMPONATORE AUTOMATICO** (blue text) at the top center.
- POZZETTO PROPORZIONATORE** (blue text) at the top center.
- MISURATORI DI PORTATA** (blue text) at the top left.
- FILTRI** (blue text) at the top left.
- VASCA DI RACCOLTA** (blue text) at the top center.
- N° 120 UTILI** (blue text) at the top center.
- RQZ 3P** (blue text) at the top center.
- 15,5** (blue text) at the top center.
- 18,00** (blue text) at the top center.
- 7,5** (blue text) at the top center.
- 4,0** (blue text) at the top center.
- 10,00** (blue text) at the top center.
- COMBINAZIONE SCARICO BASI** (blue text) at the top center.
- 1** (blue text) at the bottom left.
- 2** (blue text) at the bottom left.
- 3** (blue text) at the bottom left.
- 4** (blue text) at the bottom left.
- 5** (blue text) at the bottom left.
- 6** (blue text) at the bottom left.
- 7** (blue text) at the bottom left.
- 8** (blue text) at the bottom left.
- 9** (blue text) at the bottom left.
- 10** (blue text) at the bottom left.
